May 2009

Murray Estate is a small vineyard and winery about 7km from Mulwala on the Tocumwal Road overlooking the Murray River.

The name Murray was chosen, not for the obvious, but because Murray is my Mothers family name. The vineyard was established early in 1997 and stage 2 of the winery has just been built. My wife (sue) and I planted the vineyard from scratch over three years and we picked our first vintage in March 2000. Few people get the opportunity to see their dream come true, for us, crushing our first vintage was that moment.

Our 2005 Merlot has been allowed to mature in French oak Hogshead barrels for 24 months. We have also released our 2004 Shiraz and 2006 Cabernet Sauvignon, both were basket pressed and then left to mature in French oak barrels for over 2 years. Both have developed their very own characters and I'm sure the few who get to drink these wines will love them as much as we do. We have our 2004 Chenin Blanc and Riesling, in March 2007 we released our first sweet wine, the 2005 Vino Doluce. January 2002 saw the release of our sparkling Brut Reserve. All these wines can be enjoyed now, or with careful cellaring, will keep for many years.

Our cellar door is open to the public on special occasions only. We are also available by appointment for private tastings, or to purchase wine.

Please check out our web site

I would like to purchase

2004 Durif @ \$18.00/ bottle = \$
 2005 Merlot @ \$18.00 /bottle = \$
 (basket Pressed)
